

## E-Learning

### CEDA E-Learning Embryo Donation Education

**Course Description:** This self-paced interactive e-learning training course was designed to provide a broad range of education, including statistics, testimonials, and video regarding the legal, medical, and relationship issues involved in Embryo Donation and Adoption. At the completion of this training, course participants will be offered the opportunity to receive a free Decision Making Toolkit and a National Resource Directory by mail. Our goal is to equip participants to make an educated decision regarding the future of their unused embryos.

**Course Length:** Typically 1.5 – 2 hours

While we encourage you to complete this training in one session, if it is necessary to exit the training prior to completion, you will be given the option of beginning where you left off, when you return and log back into the training.

This course will help you:

- Understand the concept of Embryo Donation
- Determine whether Embryo Donation might be the right decision for your unused embryos
- Examine the Legal, Medical, and Relational aspects of Embryo Donation

## System Requirements:

- Computer
- High-speed internet access
